Urges Patience, Understanding on Integration

WASHINGTON (INS) — President Eisenhower appealed today for patience and understanding in dealing with the mounting inroad over school segregation.

"The expressed confidence that the American people will succeed eventually in working out the problem spawned by the Supreme Court's 1954 decision that segregated schools are unconstitutional."

"Criticism of extremists on both sides of the issue, the President said, is a waste of time."

"If ever there was a time when we must be patient without being complacent, this is it."

Mr. Eisenhower noted that he is sworn to uphold the constitution and said that the constitution is going to be upheld.

He said no one in any responsible position has ever talked of "nullification" of the high court ruling which struck like a bomb shell in the deep South.

The President declined to be drawn into a public argument with some Southern members of Congress who have threatened to hold federal judicial nominations because of the segregation issue.

He proposed a bi-partisan commission representing all points of view to conduct a thorough investigation of the problem.

He made this suggestion when asked by comment on a recent Democratic proposal for a White House conference on segregation.

The President first told a questioner he thought such a conference would be useful, but then made it clear he favored attacking the problem through a permanent commission.

Membership in Water District Sought

The Hope Kiwanis club Tuesday was called upon to obtain 1700 memberships in the Southwest Arkansas Water District in support of a "wet" Millwood Dam.

The request was made by Mayor H. M. Olson, who urged every member of the 68-member group to obtain at least 25 memberships each at the earliest possible date.

Earlier in the week, the mayor called upon the Hope Lions club and made the same request. He is expected to appear before Hope Rotary club Friday.

A number of membership cards have also been placed at the office of Hope Chamber of Commerce, and all persons who desire to support the "wet" Millwood project are urged to report to the chamber of commerce office.

Memberships are \$1 each.

A similar campaign is reported to be underway in several other southwest Arkansas counties and towns interested in obtaining water storage in Millwood for municipal and agricultural purposes.

Other matters before the Kiwanis club Tuesday was the official visit to the club by Major Gen. William G. Livesay, army retired, of Fort Springs, Gen. Livesay is lieutenant governor of this district.

He spoke on Kiwanis objectives.

Guests of the club were: Herbert Valentine, new music-educational director of First Baptist church; H. Harold Porterfield of the State Police; Jimmy Jones, superintendent of Hope schools, and Harvey Shell of Little Rock of the State Educational Department.

Five Persons Injured in Auto Wreck

Five persons were injured late Tuesday afternoon in a two-car collision on Highway 67 about four miles east of Hope. The injured persons are:

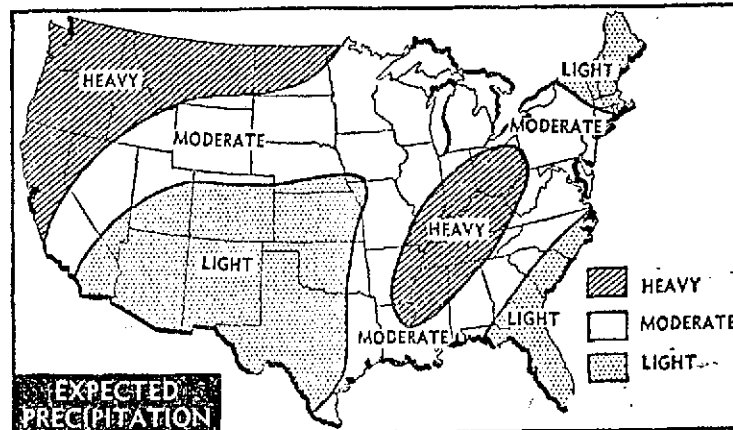

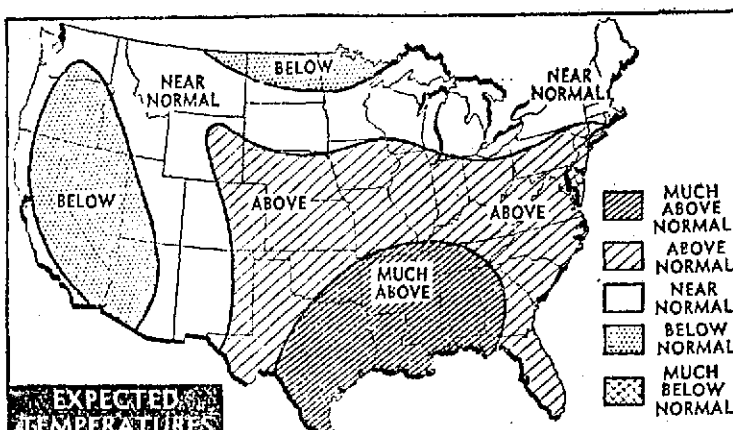

Mrs. Oree Gunter suffered facial lacerations, loss of some teeth and chest injuries; although serious her condition is not considered critical.

Donnis Arpes, Prescott Negro, suffered severe head concussion; Wanda Davis, Negro, received a badly fractured hip and her condition is considered critical.

Wanda Pay Davis and Oscar Davis Jr., riding in the car driven by Arpes, suffered cuts and bruises.

According to State Police Officer Downing and J. H. Porterfield, an accident occurred when Arpes tried to pass another car on the east of a hill and collided with the Gunter vehicle which had pulled off onto the shoulder of the road in an effort to avoid the wreck.

Both vehicles were badly damaged. Oakerest and Herndon-Corcoran ambulances brought the victims to local hospitals.

Woman Admits Poisoning Six Persons

By REX THOMAS

MONTGOMERY, Ala. (AP) — State's attorneys headed for court today with the strange tale of a middle-aged waitress who, they said, admitted slaying her mother, three small daughters and two of her five husbands with arsenic.

Plump, 49-year-old Mrs. Rhonda Bell Martin also told in a signed statement, said Circuit Solicitor William F. Theford, how she fed her mother and her four children arsenic.

She is now married to Martin's 29-year-old son Ronald, who has been under treatment for nine months for arsenic poisoning.

It was Ronald's illness that led to the murder investigation.

City and state authorities arrested Mrs. Martin Friday in Mobile.

After three days of questioning, Theford announced yesterday that the bespectacled waitress had signed a statement admitting she poisoned the two Martins, and five other kinspeople.

Mrs. Martin was vague about a motive for the killings, the solicitor said, but she told of having insurance on all six victims who died. The amount was not disclosed, but Theford said she recalled receiving between \$3,000 and \$4,000 from the death of Claude Martin.

Theford said the woman told of feeding lethal doses of ant poison to 3-year-old Emogene Garrett in 1937; and 6-year-old Anna Carolyn Garrett in 1940; and 11-year-old Elynn Elizabeth Garrett in 1943.

Italian President to End U. S. Tour

NEW YORK (AP) — President Giovanni Gronchi of Italy ends an arduous 17-day state visit to the United States and Canada today and leaves by plane for Rome.

A slight cold kept the 63-year-old President in bed most of yesterday. He had to cancel a trip to the atomic laboratory at Brookhaven, N. Y., and a later dinner engagement with U. S. business leaders.

As It Does About This Time Every Year Spring Starts Sweeping Across the Land

By HAL BOYLE

NEW YORK (AP) — Spring has hustled her girdle.

A wind that promises freshness to everyone sweeps like a benediction across the land.

It has been such a long, hard winter. It is such a pleasure to look across the acres dull with the duty of yesterday now fresh-spared with the promise of tomorrow.

There is about this time such a bewilderment of tossing boughs, such a fog of confused buds, opening with restless fingers into leaves that know where they are reaching, such an over-all fog of purposeful greenery.

Anywhere in the country now spring ruptures winter with a rupture evident to all. Wonder holds

Keep Arkansas Green Is Up to Public

The weeks of March 1st to March 15th were officially proclaimed "Keep Arkansas Green Week" by Governor Orval Faubus last week because of the extra high fire hazard in March.

W. H. "Bill" Fox succeeds Al Pollard as president of The Keep Arkansas Green Association for 1956.

During 1955, rainfall was well spaced, and the fire hazard, on the average, was low throughout the year. At the present time, however, the forests are heavily covered with underbrush, thereby creating fire hazards which could be disastrous if high winds spread grass fires.

As of this year, the "Keep Arkansas Green Week" will be in its 11th year of activity. All persons are asked to co-operate in every way with the keep green program in Arkansas in trying to make every week of the year a "Keep Arkansas Green Week."

No chain is stronger than its weakest link, and only individuals can prevent forest fires.

Funds for Red River Valley Sought

WASHINGTON (AP) — A Louisiana delegation will ask Congress March 21 to provide adequate funds for water projects in the Red River Valley.

Rep. Brooks (D-La) said he expects a large group here for hearings before a House Appropriations subcommittee that afternoon.

With the group will be Fred Webb, president, and Roy Matthews, executive vice president, of the Red River Valley Assn.

Brooks is president of the National Rivers and Harbors Congress.

He said the group will urge appropriations for adequate bank stabilization along the Red River, money to advance construction of Perrell's Bridge Dam in Texas and planning funds for the proposed Overton Canal, which would follow and parallel the Red River from near Shreveport to the Mississippi River.

In town, however, nature is policed by a duller constable. Yet the man in blue, plowing his daily city furrow, is first aware of the difference.

The old cop, plodding a worn beat, is the one who naturally is first aware of any change in the neighborhood. He has swung a wondering club at a brooding bird, broke it wide open, seen the pale green birth leaves sheltered, pondered how he would get his own kids through school.

Meanwhile the people he patrols are stirred by an ancient rebirth. The old drum of humanity, tossed aside during the winter but not carried away by the neighborhood garbage collectors, begins to beat.

Kefauver Piles Up Lead, Nixon Pulls Surprise

BY RELMAN MORIN

MANCHESTER, N. H. (AP) — Nearly complete returns today from New Hampshire's first in-the-nation presidential primary election gave Vice President Nixon an astonishing 21,000 votes—all written in—and emphatically endorsed Sen. Estes Kefauver for the Democratic presidential nomination.

Nixon's name was not on the ballot, he did not campaign, and there was no organized effort on his behalf.

The votes apparently represented a spontaneous upsurge of public sentiment for the much-argued vice president.

BY RELMAN MORIN

MANCHESTER, N. H. (AP) — Sen. Estes Kefauver's clear-cut victory in the New Hampshire primary put new punch and power today into his drive for the Democratic presidential nomination—but the election's real surprise was Vice President Nixon.

The vice president received a towering write-in vote of 18,367 from 260 of the state's 297 precincts in the vice presidential preference poll.

The figure is all the more astonishing in light of the fact that Nixon's name was not on the ballot, he did not campaign in New Hampshire, and no organized effort was made on his behalf.

It appeared to be the result of a spontaneous burst of public sentiment for the much-discussed vice president.

In the presidential balloting, New Hampshire did this:

1. It gave Kefauver all 12 Democratic delegates, and their eight convention votes. He crushed a slate favoring Adlai E. Stevenson, who did not personally campaign in this primary, and was not even on the ballot.

Kefauver's preferential vote was 18,604 in 260 of 297 precincts. Stevenson had a total write-in of 3,410.

2. As expected, it elected 14 Republican delegates who are backers of President Eisenhower.

In addition, the state gave the President a vote of 40,467 in 260 of 297 precincts in the preferential section of the ballot. He was unopposed there.

White Man Is Exonerated in Summer Slaying

SUMNER, Miss. (AP) — Elmer Otis Kimball was acquitted of murder late yesterday in the shotgun slaying of a 33-year-old Negro.

"I wasn't sure justice would be done," said the 35-year-old white Glendora cotton gin operator, "but I should have known."

A 12-man, all-white jury, made up mostly of farmers, deliberated more than four hours before freeing Kimball.

Two witnesses testified they saw Kimball blast Clinton Melton three times with a shotgun Dec. 3 at a Glendora service station.

Defense Atty. J. W. Kellum said Kimball fired the fatal shots in self-defense. Kimball said three shots were fired at him before he opened fire, one wounding him in the shoulder. He showed a scar and brought in a doctor who verified the gunshot wound.

But neither Lee McGarr, white owner of the service station, nor George Woodson, Negro who said he witnessed the slaying, said they saw or heard Melton fire. No weapon was found on Melton's body or in his car.

The trial took place in the same courtroom where half-brothers J. W. Milam and Roy Bryant were found innocent six months ago of the murder of 14-year-old Emmett Till, Chicago Negro.

Kellum was one of five defense attorneys in the Till case.

Shortly after the slaying, the Glendora Lion's Club passed a resolution unanimously which claimed the life of one of the finest members of the Negro race in this community.

Members of the club contributed about \$400 to aid Melton's widow and their five children. Last week Mrs. Melton was killed and two of her children slightly injured when she drove off a country road and turned over into a bayou near her home.

Relatives said she was learning to drive.

Bonds for Gas Systems Approved

DANVILLE (AP) — Bond issues totaling \$737,000, to finance installation of a natural gas distribution system, were approved yesterday by the voters of Danville and four other Yell County towns.

Arkansas Louisiana Gas Co. install the system, and provide service to Danville, Ola, Belleville, Havana and Plainview.

The voters of Danville approved a \$232,635 bond issue \$299.2, Ola voted 187-00 for a \$168,004 issue; Plainview voters passed a \$159,738 issue 110-0; and Havana okayed an issue of \$108,004 97-0.

Church Guild Conference to Be Held Here

Willard P. Bass

The Wesleyan Service Guild of the Little Rock Conference of the Methodist Church will hold its 44th annual Guild Weekend at Hope, March 17, 18, according to Mrs. R. B. Thomas, Little Rock, who is secretary of the Conference organization and Mrs. J. W. Patterson, president of the Hope Guild.

Theme for the two-day meeting is "First the Father's Arm; Then the Father's Errands," and registration will begin at the Barlow Hotel and First Methodist Church, Hope, at 1 p. m. Saturday.

The opening session will begin at 2:30 p. m., and Mrs. Thomas will deliver the secretary's report at the afternoon session. An anniversary dinner will be given at the Barlow Hotel, and the Magnolia Wesleyan Service Guild will direct the program.

Miss Ruth Preston, St. Louis, chairman of missionary education and service in the South Central Jurisdiction organization, will be the featured speaker at the Saturday evening session at the church.

A breakfast will be held at the Barlow Hotel Sunday morning; officers will report; and five Conference officers will be elected. The group will attend the regular Sunday morning worship service at the Methodist Church, and return to the Hotel for a special luncheon meeting which will feature Miss Dorothy Kelley, Nashville, rural worker, as speaker.

The final session will be conducted at the church sanctuary when Willard P. Bass, superintendent of the Navaho Methodist Mission School, Farmington, N. M., will deliver the closing address of the meeting which will adjourn following a pledge service and the installation of new officers.

Phillips Favored, Faubus Admits

LITTLE ROCK (AP) — Gov. Orval Faubus today said there is "some foundation" to reports that he favors Jim Phillips, an employee of the state Public Service Commission, as the new State Hospital administrator.

Phillips, a former Berryville grocer, is employed by the Tax Assessment Coordination Division of the PSC.

Kenneth Newman resigned two weeks ago, pleading that his presence in the post had become, against his wishes, the center of a political controversy.

The State Hospital Board is scheduled to meet tomorrow at the Hot Springs home of a board member Dr. Euclid Smith.

Gov. Faubus issued a list of complaints last month which he said he had received about the operation of the hospital at Little Rock. He said there were reports of carelessness, discrimination among employees, and that it was difficult for a person to gain admittance as a patient.

Some countries have one doctor for fewer than 1,000 people, while others have one doctor for more than 30,000 people, says a United Nations report.

Guernsey Supper, Program to Go to Senior Class

Guernsey High School will have a chicken supper Friday March 17, starting at 6:30 p. m. and serving until 7:30 p. m.

This supper is sponsored by the P. T. A. and every one is invited. Admission is 75 cents for adults 50 cents for grades 7-12, and 25 cents for all grades below the sixth.

The supper will be followed by plays entitled "Getting Snoddy Hitched" and "The Old District School" with special music.

This program is under the direction of Mrs. Parker Rogers and will be a one and one half hours. Admission will be 10 cents for children and 20 cents for adults. The proceeds from the plays is to go to the senior class.

Murfreesboro Gas Deal Is Unusual, Costly

LITTLE ROCK (Special) — The proposal, okayed recently by the voters in the towns of Gould, Grady and Dumas, to issue \$1,194,000 worth of bonds to finance construction of a gas transmission and distribution system for operation by the Arkansas Louisiana Gas Co., has a precedent. Early in 1954 the state Public Service Commission approved a similar project for the town of Murfreesboro.

Since then, however, majority ownership of the gas company's common stock has been transferred to the Little Rock investment firm, W. R. Stephens Investment Co. When asked if the investment company would be interested in the Gould, Grady and Dumas bond issues, or if contracts for their sale had already been signed, an official of the Stephens firm said he had "no idea." Neither the affected towns nor the gas company has yet filed for PSC approval of the transactions, which will be necessary if the gas system is to be constructed.

The procedure whereby Murfreesboro and Ark-La entered into an agreement, under which the city would construct the necessary plant from the proceeds of a bond issue that Ark-La would pay off in the form of rent with option to purchase the properties at any time, will probably be followed in the present case.

Murfreesboro had a contract with T. J. Raney & Sons, Little Rock bond brokers who frequently join with Stephens in the purchase of municipal issues. Raney agreed to buy approximately \$277,000 of 3 3/4 per cent gas revenue bonds under a contract dated October 15, 1953, more than four months before PSC approval was asked on February 17, 1954. The bond election had been held on August 25, 1953. Bids from three other brokers—Stephens was not one of them—were attached as exhibits to Murfreesboro's application for PSC approval when it was filed.

The Raney contract carried the privilege to convert the bonds, that is, to change the amounts and interest rates carried by the original schedule for various maturities. It was also provided that the interest due January 1, 1955, on the issue, estimated at \$10,000, would be paid from the proceeds of the bond sale.

Testimony at the PSC hearing developed that the \$274,588 estimated cost of construction, plus engineering fees, publication expense and the first year's accrued interest on which the \$277,000 bond issue was based was an over-estimate, and an Ark-La official, J. C. Hamilton, testified that "by agreement" only the necessary bonds would be issued. Ark-La bid on the construction contract, offering to do the job for

Nuclear Policy Switch by U. S. Is Indicated

By K. C. THALER

LONDON (UP) — The United States, in what appears to be a major switch in policy, has agreed to "examine" nuclear disarmament here next week with her Western Allies and Russia, official sources said today.

In the past the United States with its Allies has declined to discuss nuclear disarmament with the Soviets until the problems of inspection and controls are satisfactorily resolved.

The West's discussions will be limited to method and goals and will not involve commitments on future atomic weapons at this stage, the sources said.

Officials said Harold E. Stassen, disarmament representative for President Eisenhower, had agreed with his Allies to discuss the scope and goals of nuclear disarmament and previous disarmament plans simultaneously.

Stassen is currently aligning American disarmament plans with those of Britain, France and Canada in private talks in London.

On Monday the four Western powers have scheduled a new round of disarmament negotiations with the Soviets here within the framework of the United Nations disarmament subcommittee.

U. S. Comment Brings British Resentment

LONDON (AP) — A storm of resentment against the United States gathered in Britain today as the House of Commons assembled for debate on the boiling Cyprus issue.

Almost all British newspapers wrote furiously of U.S. Ambassador Cavendish Cannon's statement to the Greek government, expressing "the sympathetic concern of the U.S. government over recent developments in Cyprus."

Most papers considered the envoy's remarks outright American meddling in the dispute over Britain's island colony in the eastern Mediterranean which Greece wants to annex.

A conciliatory statement in Washington came too late last night. The State Department denied that the United States was taking sides in the Cyprus dispute and offered to help find a "fair and just solution."

Opposition Laborites, seeking to censure Prime Minister Eden's government for collapse of the Cyprus talks, and the deportation of Archbishop Makarios, found fresh fuel in Cannon's remarks.

The Laborite Daily Herald said the envoy's statement was "fully justified."

The Laborite motion of censure, if successful in Commons, would force the Eden government to resign. The Conservatives have the voting strength to defeat the motion, but Cannon's statement did nothing to help the government in the debate.

NICOSIA, Cyprus. (UP) — Cypriot extremists shot and killed an English police sergeant and seriously wounded a Turkish constable and a Cypriot civilian today in the first fatal violence since the deportation of Archbishop Makarios.

British authorities immediately launched a massive search with dogs for the assassins and imposed a strict curfew on the center of the city to help stem expected new attacks.

The British victim was the first to be killed of a group of London bobbies and small town officers brought to Cyprus to help control anti-British riots, bombings and shootings.

He was the 17th Briton to be killed in the battle against the Cypriot underground organization.

Sir John Harding, British governor for Cyprus, imposed the curfew as riot squads invaded houses in the Greek quarter of the city where the shooting occurred.

They herded half-dressed people into the streets.

Blevins Class Plans Play in 'Dead Ernest'

The Blevin Junior class will present "Dead Ernest," a three act comedy, March 23 at 8 o'clock in the Blevins High school gym.

Russell P. Stephens, director, has announced.

Mr. Stephens says the play promises to be one of the best ever presented at Blevins. The action centers around a character named "Ernest," who after losing his job and his girl, meets a "Mr. Bumpus" who tells Henry that a friend of his named Ernest will get him out of his misery for \$17.83.

Henry pays Bumpus and goes home only to find his girl forgives him and his boss has given him a raise. Life was never better until he remembers a person called Ernest is going to bump him off.

Needless to say, Henry is in real misery now, especially when virtually everyone he encounters is named Ernest. From here on pandemonium reigns.

\$230,000, using its own labor force, but was under-bid by two others. The 20-year lease-purchase contract, which the PSC approved provided that the pipeline and distribution system to be built from the proceeds of the bond issue would be delivered to Ark-La immediately upon completion. From there on the gas company was to operate and maintain the system, pay all taxes and insurance and make the necessary replacements, additions and extensions. Semi-annually the company would pay the amounts required to meet principal and interest payments and paying agents' fees. Further it was to set up a reserve for replacements accruing annually from one per cent of the original cost of depreciable property at the time of its delivery by the city to the company.

The purchase option, which the company can exercise at any time during the 20-year lease, provides for either a cash purchase or a part cash, part credit arrangement. In the first case the city would be paid the balance remaining in the reserve for replacements plus the amount of the outstanding bonds, any other secured indebtedness plus redemption premiums, accrued interest and other charges necessary to enable the city to pay off all bonds and indebtedness. If the company should elect to use the credit plan, the city would receive the replacement reserve balance in cash and a schedule of payments enabling the city to meet the debt requirements as maturity came due.

The wedding will be an event of early June.

Mrs. Thomas Hays, Hostess to Presbyterian Circle

The night circle of the First Presbyterian Church met Monday March 13 in the home of Mrs. Tom Ed Hays.

The meeting opened with Mrs.

Ched Hall, circle leader presiding. Mrs. Bertha McRae gave the Bible study, and Mrs. Simms gave the conversation period on "Evangelism."

A dessert plate was served to 14 members present.

WCS of First Methodist Church Have Meeting

The Womens Society of Christian Service of the First Methodist Church met Monday afternoon March 12, at 2 p. m. at the church. The meeting was opened by quiet music played by Mrs. Earl O'Neal and then the group sang, "O, Jesus I Have Promised."

Mrs. J. B. Koonce gave the devotional and closed with silent prayers.

Circle 4 had charge of the program and Mrs. J. C. Carlton was the leader. Mrs. Carlton presented Mrs. R. T. White who gave three definitions for "Discipleship." 1. One who loves. 2. One who to the best of her ability and understanding does the will of God in her everyday life. 3. One who bears fruit to the Glory of God. Then Mrs. C. D. Lester gave three marks of "Discipleship." 1. Inward tranquility. 2. Gaiety of spirit 3. Out going love.

A skit on "Discipleship" was given by Mrs. Jett Bundy, Mrs. Hinton Davis, and Mrs. LaGrone Williams. Mrs. Carlton asked for sentence prayer from the group and this closed the program.

Mrs. Claude Tillery, presided during the business meeting, and Mrs. C. V. Nunn gave a report from the nominating committee which was accepted.

Mrs. William Reinhardt was elected as an alternate delegate to the Annual meeting of the Womens Society of Christian Service of the Little Rock Conference which will be held in Malvern in March.

Mrs. Edwin Ward, chairman of the Spiritual Life Committee announced that the prayer group will not meet on Wednesday morning March 14, due to the participation in the prayer vigil which is being held in the Church from 12 o'clock Saturday until 12 o'clock Sunday.

The annual meeting of the District WCS will be held at Ashdown on April 6, beginning at 10 a. m. and all members were urged to attend.

It was announced that the Philharmonic Choir of Kansas Wesleyan University in Saline, Kansas will present a program of sacred music at the First Methodist Church on the evening of March 30, and members of the WCS were asked to entertain either two boys or two girls in their homes for bed and breakfast.

A Way to Dress Up Your Wrist!

By CLAUDE BYRD

On almost everybody's wrist today there is a wristwatch. Oh, I know that some folks still prefer pocket watches or, in the case of women, watches that can be carried in purses or even pinned to a blouse.

But virtually all people who carry watches, wear them on their wrists. And this makes your wrist most noticeable. Now what I want to know is this: Why will a well dressed man or woman continue to wear a worn out leather band or maybe an old watch band when there are so many beautiful new ones on the market?

We carry a large line of wrist bands for watches. We have ladies' expansion bands in many telescopic styles, lovely swirl designs, in faceted designs — find in cord and link bands. They have clasps that hold them securely in place.

As for men, we have a large line of bands, too. Extension bands are very popular. Some are gold filled with stainless steel backs. Others are most luxuriously styled with a place for your initials.

Priced from \$4.95 to \$12.95, our watch bands are handsome, long wearing pieces of fine jewelry. I wish you would come in and see them today. You'll find just what you want for yourself or for some loved one as a gift.

Department. Mrs. Thelma Moore discussed safety measures in the Home, Wire safety by Mrs. Lena Merriman and Inflammable Liquid Safety by Miss Ora Mae Moody. Mrs. Mabel Hanson advised safety measures concerning rubbish and Susie Butler about personal health. Mrs. Justine Hamm gave an informative talk on Highway safety and courtesy, using diagrams and highway signs to illustrate her points.

One guest, Mrs. Mac Thompson and 24 members were present for the meeting.

Little Cathy Lynn Tipton Celebrates Third Birthday

On Tuesday morning, March 13, from 9 to 11:30 o'clock little Cathy Lynn Tipton was honored at a delightful party in Kindergarten at 601 East Second street, given by her aunt, Miss Marie Purkins; the occasion being Cathy's third birthday.

The young guests enjoyed an hour of supervised play, after which they were seated at one long table, centered with a birthday cake guarded by two large Bunnies.

The color note of pink, blue and green emphasized the table decorations. Bunches of colored candy suckers tied with bunnies, pink, blue and green paper caps and colored animal balloons were favors marking the places of each guest, viz: The honoree, Amelia Leverett, Linda Wray, Frances Caudle, David Jones, Lamar Cox, June Anne Reynolds, Susan Barber, Susan Wilkins, Jancy Seaman, Johnny Young, Brenda Cannon, Nancy Nell Martindale, Betty Hunter.

Romy Hicks, Mindy McElroy, Sharie Rogers, Phil Burton, Steve Ray, Barbara Nan and Ray Tipton.

Ice cream and cake were served the guests by Mrs. R. H. Tipton, mother, and Mrs. Glen L. Williams, grandmother of the honoree. After the birthday ritual of song and prayer, Cathy was showered with birthday gifts by her friends.

Amateurs of North and South Tee Off

PINEHURST, N. C. (AP) —Sixty-eight players from 22 states, the District of Columbia and Canada stepped to the firing line today as the 54th North and South amateur golf tournament for women got underway with an 18-hole qualifying round.

Today's play will reduce the field to 32 in the championship chase. They'll play one 18-hole match daily, winding up Monday.

Margaret (Wiffie) Smith, the slugger from St. Clair, Mich., who won the tournament last year, is one of five members of the U. S. Curtis Cup team in the field.

Others are Barbara Romack, Sacramento, Calif.; Mary Ann Downey, Baltimore; Jane Nelson, Indianapolis; and Polly Riley, Ft. Worth, Tex., in addition, Anne Quast, Marysville, Wash., teen-ager, who is a cup team altern-
nate, is playing in her first North-
and South.

Basilio, a waide-in belter, held as a 2-1 favorite before the weigh-in at the Chicago Stadium.

A crowd of 10,000 is expected to contribute a \$75,000 gate with another \$50,000 coming from TV radio. The fighters will split 30-30.

This is the second title defense for Basilio, 28, who won the championship from Tony De Marco June 10, 1955, and then repulsed De Marco's bid to recapture the crown Nov. 30, the champ's last start.

Saxton, 25, lost the 147-pound title to DeMarco April 1, 1955, on a 14th-round TKO in his first defense after winning the crown for Kid Gavilan.

Although tonight's principals have somewhat similar records — Basilio with 48-11-7 and 22 knockouts and Saxton with 50-4-2 and 20 KO's — the muscular little titlist from Canastota, N. Y., is regarded much the harder puncher.

Basilio is riding a 15-bout unbeaten streak dating from a 15-

round loss to Gavilan in a 1953 title match at Syracuse, while Saxton gets this title shot after a modest comeback.

Saxton has won four straight since being dethroned by DeMarco, but that string has only one notable verdict. That was a 10-round decision over Tiger Jones Nov. 9 Saxton's last start.

Whether this is a furious or dull scrap pretty much depends upon Saxton. Basilio knows only one style, bob-weave and bang, putting a lot of steam into his left hooks.

Saxton is a cutie, who can crowd and clinch so cleverly the other fighter looks bad. He has fine speed and boxing skill and not a few of his jabs are expected to be aimed at Basilio's well-scarred brows.

AB will broadcast and telecast at 8 p. m. CST.

Basilio, a waide-in belter, held as a 2-1 favorite before the weigh-in at the Chicago Stadium.

A crowd of 10,000 is expected to contribute a \$75,000 gate with another \$50,000 coming from TV radio. The fighters will split 30-30.

This is the second title defense for Basilio, 28, who won the championship from Tony De Marco June 10, 1955, and then repulsed De Marco's bid to recapture the crown Nov. 30, the champ's last start.

Saxton, 25, lost the 147-pound title to DeMarco April 1, 1955, on a 14th-round TKO in his first defense after winning the crown for Kid Gavilan.

Although tonight's principals have somewhat similar records — Basilio with 48-11-7 and 22 knockouts and Saxton with 50-4-2 and 20 KO's — the muscular little titlist from Canastota, N. Y., is regarded much the harder puncher.

Basilio is riding a 15-bout unbeaten streak dating from a 15-

round loss to Gavilan in a 1953 title match at Syracuse, while Saxton gets this title shot after a modest comeback.

Saxton has won four straight since being dethroned by DeMarco, but that string has only one notable verdict. That was a 10-round decision over Tiger Jones Nov. 9 Saxton's last start.

Whether this is a furious or dull scrap pretty much depends upon Saxton. Basilio knows only one style, bob-weave and bang, putting a lot of steam into his left hooks.
